

ABOUT THE TRAIL

Bellefontaine Cemetery and Arboretum welcomes visitors to explore the property using our new historic loop trail. The trail begins at the Willow Gatehouse entrance just east of the main office. Follow the wayfinding stakes (white stakes with the green bands) for an approximate 1.3-mile loop through the cemetery. Along the trail, 52 white stakes with black bands and corresponding letters identify unique and fascinating stories of people and places along the way. The trail is for pedestrians only. Please no bicycles; pets should be on a leash. Be aware that while walking off the roads, there may be some uneven surfaces. You can also find the trail route on the Hiking Project at www.hikingproject.com/trail/7097624/historic-loop-trail.
